## TRANSPORTATION SERVICES

Djuric Trucking understands your need for fast, reliable, and cost effective transportation services. We maintain over 65 power units and a vast inventory of specialized equipment to meet your immediate needs. We deliver 95% on-time performance and are fully insured and bonded. Services we provide include:

## Intermodal

We offer both regional and long haul drayage and storage of rail containers. We manage the entire process including pickup, delivery, and termination and maintain all of the necessary equipment.

## Flatbed

We can handle most regional and long haul shipments too heavy or bulky for dry van trailers, including full or partial loads.

## Specialized

We have experience transporting a variety of specialized freight, including SOL Tanks and Ultralights. [Contact Us](#) to find out if we can meet your specialized needs.

## Hazardous Material

We are a certified carrier for Hazardous Material and employ drivers certified for hazardous material transportation.

## Dry Van

We can handle most regional and long haul shipments of your dry goods.

## Refrigeration

We can handle most perishable or temperature sensitive goods using our refrigerated trailers.
